

Company Name: Patterson Pump

Job Title: CNC Programmer

Type: Manufacturing (NAICS 31-33)

LOCATION: Toccoa, GA.

STATUS: FT Employment

FLSA STATUS: Non-Exempt

DUTIES

Write code to automated power driven machines that cut and finish metal pump components from various materials.

Mazak Multitasking experience preferred.

Creates instructions for machinists.

Reviews 3D CAD design blueprints.

Makes calculations for programming including where materials should be cut.

Translates instructions into a computer automated manufacturing (CAM) program. (Gibbs Cam, Mazatrol, Fanuc & Siemens)

Communicates with engineers and machinists who will use the programs.

Checks completed programs by running simulations or tests.

Prepares geometric layout of designs using proper software.

Determines sequence of operations in a program.

Choose cutting tools that will be needed.

Analyzes job order and performs necessary calculations.

Writes programs and modifies existing ones for increased efficiency.

Analyzes and selects speeds and cutting tools for programs.

Makes improvements to set up times for a task and contouring of complex shapes.

Simplifies tooling time for workers and increases productivity for the machinists.

Evaluates all completed designs to validate their functions and ensure they successfully reduce time and money.

Monitors all programs to make sure they follow blueprint instructions and safely and successfully complete the task.

Provides training for machinists on automated systems.

Complies with all safety rules and regulations.

Perform all other duties as required by supervision.

SHIFT WORKED

Day

WORKING CONDITIONS

Must be willing to support machinists with flexible hours. Must be willing to travel as required for additional training.

Time is spent in front of a computer screen keyboarding and manipulating a mouse. Must be willing to work in areas with high levels of noise such as plants or engineering departments.

MINIMUM QUALIFICATIONS

Accuracy - Ability to perform work accurately and thoroughly.

Applied Learning - Ability to participate in needed learning activities in a way that makes the most of the learning experience.

Detail Oriented - Ability to pay attention to the minute details of a project or task.

Reliability - The trait of being dependable and trustworthy.
